INTERESTS

PROFILE

Result-oriented, meticulous and innovative web developer with 6+ years of experience building various types of websites using React.js, Laravel, Html, CSS, JavaScript and WordPress. I love to meticulously plan and effectively execute the strategies of the task rendered to me. I continuously present myself with challenges to explore my talents and bring a stronger outlook every day. I have an ability to grasp ideas of the client and implement in the same direction.

PROFESIONAL EXPERIENCES

HAULER ADS, TORONTO

Sept 2018- Dec 2018

Web developer & Graphic designer

- Implemented web applications using JavaScript, Html, CSS, Laravel and React.js.
- Succesfully translated subject matter into concrete design for news letters, promotional material and sales collateral.
- Prepared recommendation and courses of action and discussed those with the company.
- Designed Posters, brochures and business card mock-ups for the client.
- Provided insights into SEO impact of onsite performance, offline performance and interaction with the support of paid marketing.

SELF-EMPLOYED

August 2014 -Present

Full stack developer

- Worked as a full stack developer and ensured that the tasks provided were finished in a timely and efficient manner.
- Developed UI/UX strategies that include wireframes and mockups for small and medium sized enterprises.
- Developed various ecommerce websites and applications for over 25+ clients all over North America.
- Developed a specific web application for a client based in US. The main motive of the App was to scrap data from a US house rental website ZILLOW.
